

TECHNICAL ADVISORY COMMITTEE (TAC) AGENDA

DATE: **Wednesday, February 4, 2026**
TIME: **9:30 a.m.**
PLACE: **301 Datura Street, West Palm Beach, FL 33401**

Members of the public can [join the meeting](#) in person or virtually. For assistance joining the virtual meeting, please call 561-725-0800 or e-mail info@PalmBeachMPO.org.

1. REGULAR ITEMS

- A. Call to Order and Roll Call
- B. Modifications to the Agenda
- C. MOTION TO APPROVE Minutes for December 3, 2025
- D. General Public Comments

Members of the public are invited to offer general comments unrelated to agenda items at this time. Public comments related to agenda items will be heard following staff presentation of the item. Comments may be submitted in the following ways:

- A written comment may be submitted at PalmBeachMPO.org/Comment-Form at any time prior to the commencement of the relevant agenda item.
- A verbal comment may be provided by a virtual attendee using the raise hand feature in the Zoom platform.
- A verbal and/or written comment may be provided by an in-person attendee submitting a comment card available at the welcome table.

Public comments are limited to 3 minutes or less.

- E. Comments from the Chair and Member Comments
- F. TAC Liaison's Report

2. ACTION ITEMS

- A. MOTION TO RECOMMEND ADOPTION of the 2026 Safety Targets

Federal regulations require the MPO to adopt annual roadway safety targets. Since 2018, the MPO Board has adopted the State of Florida's targets of zero traffic-related fatalities and serious injuries. MPO staff recommends continuing to adopt the State's targets and will present the 2026 Safety Targets with a brief historical summary.

3. INFORMATION ITEMS

A. Draft Fiscal Year (FY) 2027-2028 Unified Planning Work Program (UPWP)

The FY 2027–2028 UPWP is the MPO’s two-year business plan and budget and serves as the application for federal planning funds. It outlines planned activities, deliverables, schedules, funding sources, and budgets.

B. Florida Bicycle Month

MPO staff will provide an update on Florida Bicycle Month activities in March and encourage municipalities to adopt a Florida Bicycle Month proclamation in support of bicycling. A sample proclamation is attached and available at www.BikePalmBeach.org.

4. ADMINISTRATIVE ITEMS

- A. Governing Board Summary Points – December 30, 2025
- B. FDOT Scheduling Report – February 2026
- C. Next Meeting – March 4, 2026
- D. Adjournment

NOTICE

In accordance with Section 286.0105, *F.S.* if a person decides to appeal any decision made by the board, agency, or commission with respect to any matter considered at such meeting or hearing, they will need a record of the proceedings, and that, for such purposes, they may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services for a meeting (free of charge) should contact Carly Diglio at 561-725-0813 or CDiglio@PalmBeachMPO.org at least five (5) business days in advance. Hearing impaired individuals are requested to telephone the Florida Relay System at #711.

Se solicita La participación del público, sin importar la raza, color, nacionalidad, edad, sexo, religión, incapacidad o estado familiar. Personas que requieran facilidades especiales bajo el Acta de Americanos con Discapacidad (Americans with Disabilities Act) o personas que requieren servicios de traducción (sin cargo alguno) deben contactar a Carly Diglio al teléfono 561-725-0813 o CDiglio@PalmBeachMPO.org por lo menos cinco días antes de la reunión. Si tiene problemas de audición, llamar al teléfono 711.

1.D. General Public Comments and Public Comments on Agenda Items

There were no public comments.

1.E. Comments from the Chair and Member Comments

DENISE MALONE made a comment regarding the Treasure Coast Regional Planning Council and thanked them for their partnership.

1.F. TAC Liaison's Report

NATHAN GEORGE, Principal Multimodal Planner, reviewed key items from the Liaison's Report. The full report can be viewed at PalmBeachMPO.org/TAC.

There were no public comments.

2. ACTION ITEMS

2.A. MOTION TO ELECT OFFICERS for the 2026 Calendar Year

CHAIR CROWLEY opened the floor to nominations for the Chair and Vice Chair and stated her interest in continuing as TAC Chair.

DENISE MALONE nominated Natalie Crowley for Chair.

KIM DELANEY nominated Denise Malone for Vice-Chair

MOTION to elect TAC Officers for the 2026 Calendar Year made by Terrence Bailey seconded by Loraine Cargill and carried unanimously 17-0 as depicted in the table below.

2.B. MOTION TO RECOMMEND ADOPTION of Amendment #2 to the FY 2026-2030 Transportation Improvement Program (TIP)

MATTHEW MASA, Senior Transportation Planner, presented this item.

ALEX HANSEN questioned the table presenting project length for intersection projects, due to the relative short length typical of such projects.

CHANG- JEN LAN asked why project FM#4481071 experienced a significant change in cost.

Jim Bell joined the meeting at 9:56 a.m.

Jessica Keller joined the meeting at 9:56 a.m.

MOTION to recommend adoption of Amendment #2 to the FY 2026-2030 Transportation Improvement Program (TIP) made by Bryan Davis seconded by Christopher Marsh and carried unanimously 19-0 as depicted in the table below.

INFORMATION ITEMS

3.A. 2050 Strategic Intermodal System (SIS) Unfunded Needs Plan

Florida Department of Transportation staff presented this item.

Jamie Brown joined the meeting at 10:26 a.m.

LORAINE CARGILL asked how the state allocated funding to this program.

ALEX HANSEN noted the I-95 safety project (south of Palm Beach Lakes Blvd to north of Okeechobee Blvd) and referenced the high occupancy vehicle (HOV) lane project where the TAC committee previously had safety concerns about the entrance/exit of HOV lanes near the same location.

TERRENCE BAILEY also referenced the prior Project Development and Environmental (PD&E) study and weaving pattern on I-95 near Southern Blvd.

Discussion ensued regarding adding capacity and analyzing crash hot spots.

BRYAN DAVIS inquired whether the projects were listed at random or arranged in a ranked order.

JIM BELL asked whether Brightline could be considered to receive additional enhancements.

Discussion ensued regarding overall funding availability and how SIS projects are prioritized and funded.

3.B. SFRTA Transit Development Plan (TDP) Annual Update

LORAINE CARGILL, Director of Strategic Planning, SFRTA, presented this update.

TERRENCE BAILEY questioned if Veteran Administration funding could help advance certain projects.

JESSICA KELLER noted that other municipalities should coordinate with the West Palm Beach staff to include projects in the mobility plan.

4. ADMINISTRATIVE ITEMS

4.A Governing Board Summary Points – October 30, 2025

PM1: Safety (All Public Roads)

Florida Department of Transportation
Systems Forecasting & Trends Office

Performance Management

October 2025

OVERVIEW

The first of Federal Highway Administration's (FHWA) performance management rules establishes measures to assess safety on all public roads and the process for the Florida Department of Transportation (FDOT) and Florida's Metropolitan Planning Organizations (MPO) to establish and report their safety targets.*

PERFORMANCE MEASURES – APPLICABLE TO ALL PUBLIC ROADS

NUMBER OF FATALITIES	<i>The total number of persons suffering fatal injuries in a motor vehicle crash calculated based on a 5-year rolling average.</i>	RATE OF SERIOUS INJURIES	<i>The total number of serious injuries per 100 million VMT calculated based on a 5-year rolling average.</i>
RATE OF FATALITIES	<i>The total number of fatalities per 100 million vehicle miles traveled (VMT) calculated based on a 5-year rolling average</i>	NUMBER OF NON-MOTORIZED FATALITIES AND NON-MOTORIZED SERIOUS INJURIES	<i>The combined total number of non-motorized fatalities and non-motorized serious injuries involving a motor vehicle calculated based on a 5-year rolling average.</i>
NUMBER OF SERIOUS INJURIES	<i>The total number of persons suffering at least one serious injury in a motor vehicle crash calculated based on a 5-year rolling average.</i>		

TIMELINE

BY FEBRUARY 27 (ANNUALLY)

MPOs must establish safety (PM1) targets for the current calendar year (180 days after FDOT establishes targets).

BY AUGUST 31 (ANNUALLY)

FDOT Safety Office establishes targets for the next calendar year in its Highway Safety Improvement Program (HSIP) annual report to FHWA.

STATEWIDE TARGETS

FDOT establishes statewide safety targets for the following calendar year as part of the [HSIP Annual Report](#), which must be submitted by August 31 each year.

Given FDOT's firm belief that every life counts, the target set for all safety performance measures is ZERO.

MPO TARGETS

MPOs must set targets by February 27 of each year (within 180 days after FDOT sets targets). MPOs have the option of supporting the statewide targets or establishing their own targets for the MPO planning area.

MPOs must include the most recent reported performance and targets with each TIP update. The TIP must describe how the investments contribute to achieving the performance targets. The LRTP must include a System Performance Report that discusses the performance of the transportation system and progress achieved in meeting the targets over time.

ASSESSMENT OF SIGNIFICANT PROGRESS

FHWA considers a state to have met or made significant progress when at least four of the five safety targets are met or the actual outcome is better than baseline performance. Florida is making progress towards achieving the targets established for serious injuries but not yet for fatalities or non-motorized users.

As requested by FHWA, FDOT annually develops an [HSIP Implementation Plan](#) to highlight strategies it will undertake in support of these targets. MPOs are encouraged to review this Plan each year to identify strategies appropriate for their planning area.

FHWA will not assess MPO target achievement. However, FHWA will review MPO adherence to performance management requirements as part of periodic transportation planning process reviews.

INTRODUCTION

The Palm Beach Metropolitan Planning Organization (MPO) is the designated entity responsible for carrying out the federally mandated transportation planning process for Palm Beach County, including planning, prioritizing, and programming federal and state transportation funds through the Transportation Improvement Program (TIP) and developing the Long Range Transportation Plan (LRTP) that guides state and federal transportation funding decisions.

The Unified Planning Work Program (UPWP) is the MPO's two-year plan of operations and budget, identifying the agency's transportation planning activities for the period from July 1, 2026, through June 30, 2028. Guided by the MPO's vision of a safe, efficient, connected, and multimodal transportation system, the UPWP describes planning tasks and anticipated products, responsible agencies, schedules, costs, and funding sources. The UPWP is approved by the MPO Governing Board, and the signed resolution is included in **Appendix B**.

The MPO's mission to collaboratively plan, prioritize, and fund the transportation system is carried out pursuant to 23 United States Code (U.S.C.) §134, 49 U.S.C. §5303, 23 Code of Federal Regulations (C.F.R.) §450 Subpart C, and Section 339.175, Florida Statutes (F.S.). Palm Beach County is in an air quality attainment area and does not anticipate nonattainment-related planning activities.

The MPO is part of the Miami-Fort Lauderdale-West Palm Beach Urbanized Area (UZA), which includes the Miami-Dade Transportation Planning Organization (TPO), the Broward MPO, and a small portion of the Martin MPO. The MPO is also designated as a Transportation Management Area (TMA). Although the UZA covers most of the eastern side of the county, the primary planning area of the MPO encompasses all of Palm Beach County, as shown in **Figure 1**. For additional context, a map of the full Miami UZA/TMA is included in **Appendix D**.

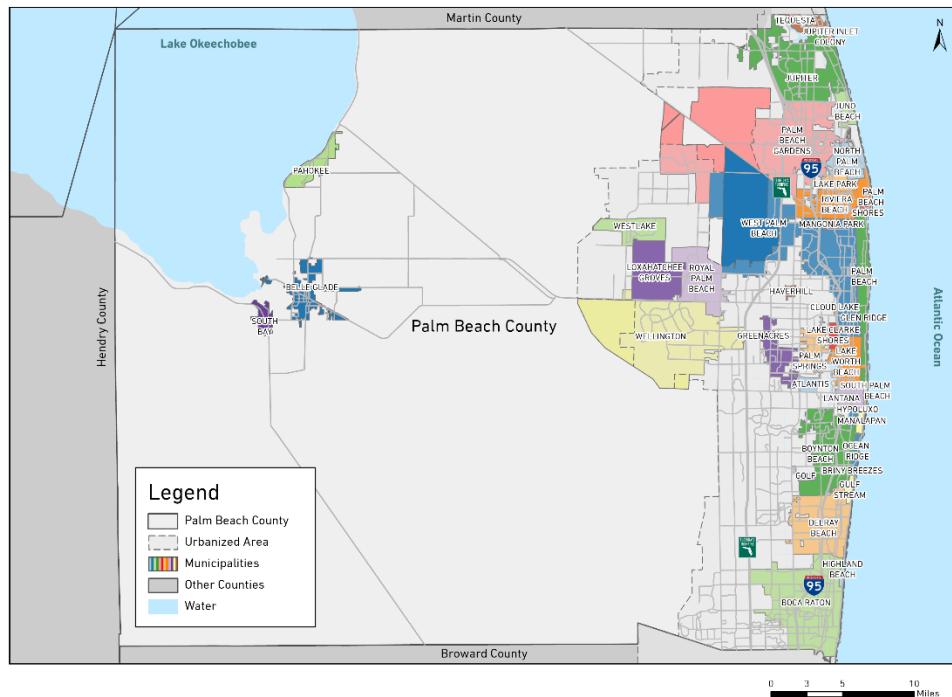

Figure 1. Palm Beach MPO Planning Area

Available Funding

The planning activities in the UPWP are predominantly funded through federal grant reimbursements, and a smaller portion is funded through state and local sources. Funding sources include:

Consolidated Planning Grant (CPG) – an agreement that allows the consolidation of the two main federal planning funds, FHWA PL and FTA PL.

FHWA Planning (PL) Funds – federal highway funds apportioned by formula to each MPO to carry out the transportation planning process

FTA Planning (PL) Funds – federal transit funds apportioned by formula to each MPO to carry out the transportation planning process

FHWA Surface Transportation Block Grant (STBG) Urbanized Areas (SU) Funds – federal highway funds apportioned by formula to each large urban area MPO to plan, implement, and construct transportation projects.

Commission for Transportation Disadvantage (CTD) State Funds - state funding to implement transportation disadvantaged planning activities.

Local Funds – dues paid at 10-cents (\$0.10) per capita by members on the MPO Governing Board.

FDOT and Palm Beach MPO participate in the Consolidated Planning Grant (CPG). The CPG enables FDOT, in cooperation with the MPO, the Federal Highway Administration (FHWA), and the Federal Transit Administration (FTA), to annually consolidate Florida's FHWA PL and FTA 5305(d) metropolitan planning fund allocations into a single grant that is administered by the FHWA Florida Division. These funds are annually apportioned to FDOT as the direct recipient and allocated to the MPO by FDOT utilizing formulas approved by the MPO, FDOT, FHWA, and FTA in accordance with 23 CFR 420.109 and 49 U.S.C. Chapter 53. The FDOT is fulfilling the CPG's required 18.07% non-federal share (match) using Transportation Development Credits as permitted by 23 CFR 120(j) and FTA C 8100.1D."

Federal funding requires a local match. 23 U.S.C. §120 permits a State to use certain toll revenue expenditures as a credit toward the non-Federal matching share of all programs authorized by Title 23, (except for Emergency Relief Programs) and for transit programs authorized by Chapter 53 of Title 49, U.S.C. This is, in essence, a "soft-match" provision that allows the Federal share to be increased up to 100% to the extent credits are available. The "soft match" amount being utilized to match the FHWA PL, FHWA SU, and FTA 5305d funding in the UPWP is 18.07% of FHWA program funds for a total of \$1,900,120. Eligible expenses are reimbursed on an actual cost basis; therefore, no indirect cost rate is applied.

Table 1. Available Funding Sources

Funding Source	Fiscal Year 2027	Fiscal Year 2028	Total
CPG FHWA PL Re-Obligation (Contract G2Y14)¹	\$0	\$0	\$0
CPG Total (Contract XXXXX)	\$2,557,605	\$2,557,605	\$5,115,210
FHWA SU (Contract XXXXX)	\$1,750,000	\$1,750,000	\$3,500,000

Planning Priorities and Factors

Local Priorities

The primary objective of the UPWP is to support the federally required metropolitan transportation planning process by coordinating regional transportation planning activities and guiding the prioritization and use of state and federal transportation funds. The UPWP is further designed to produce required work products that serve the following purposes:

- To progress toward adopted performance measure targets through coordinated transportation decision-making that supports desired system performance outcomes;
- To assist federal and FDOT modal agencies in reviewing, monitoring, and evaluating the metropolitan transportation planning process;
- To advance multimodal transportation planning at the regional and systemwide level;
- To improve the effectiveness of transportation decision-making by guiding various jurisdictions in their individual planning efforts to ensure the efficient use of resources; and
- To support a regional approach to transportation planning that facilitates coordination among transportation planning participants and ensures integrated transportation analysis.

Federal Planning Factors

The Palm Beach MPO is guided by the Federal Planning Factors that states and MPOs are required to address when carrying out the metropolitan transportation planning process. The current federal planning factors were established under the Fixing America's Surface Transportation (FAST) Act.

Federal Planning Factors

1. Support the **economic vitality** of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency;
2. Increase the **safety** of the transportation system for motorized and non-motorized users;
3. Increase the **security** of the transportation system for motorized and non-motorized users;
4. Increase the **accessibility** and **mobility** of people and freight;
5. Protect and enhance the **environment**, promote energy conservation, improve **quality of life**, and promote consistency between transportation improvements and state and local planned growth and economic development patterns;
6. Enhance the **integration** and **connectivity** of the transportation system, across and between modes, for people and freight;
7. Promote efficient system **management** and **operation**;
8. Emphasize the **preservation** of the existing transportation system;
9. Improve the **resiliency** and **reliability** of the transportation system and reduce or mitigate stormwater impacts of surface transportation; and
10. Enhance **travel** and **tourism**.

Transportation Planning Activities

Continuing

Many MPO planning activities continue from previous efforts, as outlined below:

- Continue public engagement through MPO outreach efforts, including social media, events, and responses to public inquiries;
- Assist local governments in evaluating, identifying, and prioritizing funding for multimodal infrastructure projects that improve safety and access for all users;
- Coordinate with Palm Tran and the South Florida Regional Transportation Authority (SFRTA) on transit service planning and updates to their Transit Development Plans (TDPs);
- Monitor federally required performance measures and identify projects and strategies to support achievement of adopted targets;
- Review the Strategic Intermodal System (SIS) Cost Feasible Plan (CFP) for consistency and potential inclusion in the MPO's Long Range Transportation Plan (LRTP) and Transportation Improvement Program (TIP); and
- Review transportation projects through the Electronic Review Comments (ERC), Multimodal Scoping Checklist (MMSC), and other applicable review processes.

Comprehensive

The MPO's planning activities are comprehensive in nature, addressing all modes of transportation, including walking, bicycling, transit, freight, and personal vehicles, and considering the needs of users of all ages and abilities.

Cooperative

The MPO works cooperatively with a broad range of partner agencies at the local, regional, state, and federal levels, including:

- **Federal Agencies:** FHWA, FTA, and Federal Railroad Administration (FRA)
- **State Agencies:** Florida Department of Transportation (FDOT), Florida Commission for the Transportation Disadvantaged (CTD), Florida Department of Environmental Protection (FDEP), and Florida Department of Commerce;
- **Metropolitan Planning Organization (MPO) Agencies:** Florida MPO Advisory Council (MPOAC), Southeast Florida Transportation Council (SEFTC), Miami-Dade TPO, Broward MPO, Martin MPO, St. Lucie TPO, and Indian River County MPO;
- **Local Governments:** Palm Beach County (PBC), PBC Municipalities, Water Management & Drainage Districts;
- **Transit Agencies:** Palm Tran and South Florida Regional Transportation Authority (SFRTA)
- **Airports and Seaports:** Port of Palm Beach, PBC Airports, and Boca Raton Airport Authority
- **Regional Planning Councils:** Treasure Coast Regional Planning Council (TCRPC) and South Florida Regional Planning Council (SFRPC)
- **Education Agencies:** School District of Palm Beach County, Florida Atlantic University (FAU), Palm Beach State College (PBSC), Palm Beach Atlantic University (PBAU), Lynn University, and Keiser University;

- **Private Transportation and Utility Companies:** Florida East Coast (FEC) Railway, Brightline, CSX Transportation, Tropical Shipping, transportation network companies and mobility providers, and Florida Power & Light (FPL); and
- **Private Business Organizations:** Economic development councils, business development boards, chambers of commerce, and freight and logistics stakeholders.

Public Participation Process

Public involvement is a fundamental component of the metropolitan transportation planning process. The MPO provides ongoing opportunities for public participation to promote awareness of MPO responsibilities and to support informed transportation decision-making. Outreach activities include participation in public meetings and community events, as well as dissemination of information through the MPO's website, PalmBeachMPO.org, and social media platforms.

Public participation activities are conducted in accordance with the MPO's adopted Public Participation Plan (PPP), which ensures timely public notice, reasonable access to information, opportunities for early and continuous involvement, and consideration of public input in transportation planning decisions. Consistent with the PPP, the Unified Planning Work Program (UPWP) is made available for a minimum 30-day public review and comment period.

The UPWP is developed in cooperation with federal, state, regional, and local transportation partners and reflects input received through the continuing, comprehensive, and coordinated (3-C) transportation planning process. The UPWP is reviewed by the MPO's advisory committees and adopted by the MPO Governing Board.

ORGANIZATION AND MANAGEMENT

The MPO's Governing Board consists of 21 members: five County Commissioners, 15 elected officials representing the County's 13 largest municipalities, and one Port of Palm Beach Commissioner. The Governing Board provides overall policy direction for the metropolitan transportation planning process and serves as a key coordination mechanism with state agencies on transportation planning.

The MPO's Operating Procedures support the efficient conduct of business by the Governing Board and its advisory committees as the MPO collaboratively plans, prioritizes, and funds the regional transportation system. The Governing Board also coordinates with MPOs statewide through the Florida Metropolitan Planning Organization Advisory Council (MPOAC). MPOAC is composed of an elected official and staff director from each MPO in Florida and provides a forum for coordination, discussion of transportation issues, and input on FDOT plans and programs. Coordination with local municipalities occurs through the Governing Board, advisory committees, and MPO-led planning activities.

In carrying out these responsibilities, the Governing Board is supported by three standing advisory committees. FDOT participates as a non-voting advisory member on the Governing Board and its committees.

- **Technical Advisory Committee (TAC)** – Composed of representatives with technical expertise in transportation planning and engineering from county and municipal governments, airports, seaports, public transit agencies, the School District of Palm Beach County, and the Palm Beach County Health Department.
- **Citizens Advisory Committee (CAC)** – Composed of residents representing a broad cross-section of the community, including minority populations, older adults, persons with disabilities, environmental interests, business and development interests, freight and goods movement, private transportation providers, and the general public.

Vision Zero Advisory Committee (VZAC) – Composed of county and municipal planners, law enforcement and fire rescue representatives, school district and health department staff, active transportation advocacy groups, and other partners as appropriate to support implementation of the MPO's Vision Zero Action Plan, with a focus on pedestrian and bicycle safety.

The MPO serves as the Designated Official Planning Agency (DOPA) for the Palm Beach County Transportation Disadvantaged (TD) Program. In this role, the MPO administers the Transportation Disadvantaged Local Coordinating Board (LCB), which serves as an advisory body to the Florida Commission for the Transportation Disadvantaged (CTD), and works with the Palm Beach County Community Transportation Coordinator (CTC) to identify local service needs and support coordinated transportation services for transportation disadvantaged individuals through the Florida Coordinated Transportation System.

The MPO Governing Board is also a member of the Southeast Florida Transportation Council (SEFTC), which facilitates regional coordination of transportation planning activities among the Palm Beach MPO, Broward MPO, and Miami-Dade TPO.

The MPO has executed the following agreements to support and implement the metropolitan transportation planning process:

- **Interlocal Agreement Creating Palm Beach MPO:** Establishes the MPO in accordance with federal requirements for a continuing, cooperative, and comprehensive (3-C) transportation planning process. Originally established on November 10, 1977. The current continuing agreement among all voting members of the MPO Governing Board and the Florida Department of Transportation (FDOT) was executed on October 13, 2004, and re-established on October 9, 2015.
- **Intergovernmental Coordination and Review (ICAR):** A continuing Joint Participation Agreement among the MPO, FDOT, TCRPC, SFRTA, Port of Palm Beach, and Palm Beach County to coordinate multimodal transportation planning. Executed on April 21, 2008.
- **FDOT/MPO Agreement:** A biennial agreement providing federal transportation planning funds (FHWA PL, FHWA SU, and FTA planning allocations) to support UPWP activities. The agreement for this UPWP is effective July 1, 2026, through June 30, 2028.
- **Transportation Disadvantaged (TD) Planning Grant Agreement:** An annual agreement with the Florida Commission for the Transportation Disadvantaged (CTD) providing state planning funds to support the MPO's responsibilities as the Designated Official Planning Agency (DOPA), in accordance with Chapter 427, Florida Statutes, and Rule 41-2, Florida Administrative Code. Effective July 1 through June 30 of each state fiscal year.
- **Southeast Florida Transportation Council (SEFTC) Interlocal Agreement:** A continuing agreement supporting regional transportation planning and coordination in Southeast Florida. Executed on January 9, 2006, and amended on July 14, 2011.
- **Southeast Regional Planning Model (SERPM) MOU:** An agreement among the Palm Beach MPO, Broward MPO, Miami-Dade TPO, and FDOT Districts 4 and 6 for coordination of SERPM development, funding, and maintenance. Effective January 1, 2025, through December 31, 2030.
- **Memorandum of Understanding (MOU) for Administrative Disposition of Assets:** A continuing agreement with FDOT providing administrative support for accounts payable, accounts receivable, and payroll functions. Executed on December 20, 2024

Required Certification Statements and Assurances

Federal and state laws and regulations govern the use of grant funds. The MPO provides the following certification statements and assurances included in **Appendix G**:

- Federal and state funds are not used for lobbying activities.
- Federal funds are not used to procure goods or services from individuals or entities that have been debarred or suspended, in accordance with 49 C.F.R. Part 29, Subparts A through E.
- The MPO provides opportunities for disadvantaged business enterprises to participate in transportation planning contracts.
- The MPO has adopted and maintains a Title VI Nondiscrimination Policy and program.
- The MPO has adopted and follows the travel policy in its Personnel Handbook.

REQUIRED ACTIVITIES

The MPO's required activities are organized into six (6) tasks to carry out the 3-C transportation planning process, guided by the MPO's adopted mission and vision statements. Annual and multi-year activities, deliverables, and estimated completion dates are identified within each task. Each task is budgeted individually with funding amounts identified by source. Additionally, the planning activities to be performed by FDOT District 4 are shown in **Appendix E**, and the planning activities to be performed by Palm Tran are shown in **Appendix F**.

Figure 2. Required Activities

Task 1. Engage and Collaborate

Responsible Agency: Palm Beach MPO

Participating Agencies: FHWA, FTA, FDOT, MPOAC, AMPO, SEFTC, Broward MPO, Miami-Dade TPO, Palm Tran, SFRTA, TCRPC, Palm Beach County, local municipalities, School District, private transportation providers, chambers of commerce, business organizations, and community organizations.

Purpose

This task supports public engagement and coordination with partner agencies to advance the metropolitan transportation planning process. Activities focus on increasing public awareness and input and working collaboratively with partner agencies through committees, meetings, and events to advance policies, programs, and projects consistent with the MPO's mission and vision.

Previous Work

The MPO engaged the public and partner agencies through presentations, educational workshops, and outreach with community groups and business organizations, with an emphasis on safety and multimodal transportation. Ongoing activities included safety fairs, Florida Bicycle Month, Walk and Roll to School Days, and publication of the biweekly *Transportation Tuesday* e-newsletter. The MPO maintained and enhanced its website and social media platforms; produced digital and print outreach materials; monitored progress on the Strategic Plan through an Annual Report; and implemented the Public Participation Plan (PPP), including ADA and Title VI compliance activities.

At the regional level, the MPO coordinated with FDOT, local governments, and South Florida Commuter Services on joint outreach efforts and partnered with the Broward MPO and Miami-Dade TPO to plan the annual Safe Streets/Roads Summit. In 2025, the Palm Beach MPO hosted the Summit. Through the Southeast Florida Transportation Council (SEFTC), the MPO supported coordinated public engagement and partner collaboration related to the 2050 Regional Transportation Plan (RTP) and development of the annual prioritized Transportation Regional Incentive Program (TRIP) project list.

MPO staff also participated in partner agency committees, working groups, meetings, workshops, and site visits to promote awareness of and encourage participation in the metropolitan transportation planning process. These efforts included participation with MPOAC, AMPO, SEFTC, RTTAC, SFRTA, Palm Tran, and other local, regional, statewide, and national partners to support coordination on transportation planning initiatives and identify multimodal transportation needs, safety priorities, and implementable improvements.

Task 2. Short Range Planning

Responsible Agency: Palm Beach MPO

Participating Agencies: FHWA, FTA, FDOT, MPOAC, AMPO, SEFTC, Broward MPO, Miami-Dade TPO, Palm Tran, SFRTA, TCRPC, Palm Beach County, local municipalities, School District, the Palm Beach County Health Department, the freight industry, neighboring MPOs, and community organizations.

Purpose

This task supports the development and implementation of short-range multimodal transportation plans and programs that advance a safe, efficient, and connected transportation system. Activities focus on data-driven planning, project evaluation, and coordination with partner agencies to ensure transportation investments align with the MPO's Vision, adopted plans, and governing board priorities. This includes planning and evaluation for all transportation modes; coordination of land use and transportation; assessment of emerging technologies such as connected and autonomous vehicles; and prioritization of funding within the five-year Transportation Improvement Program (TIP) consistent with the Long Range Transportation Plan (LRTP).

Previous Work

The MPO supported short-range planning efforts through studies, audits, and evaluations related to Vision Zero, safety, multimodal, and transit-oriented development. Activities included walk and bike audits, participation in FDOT-led Road Safety Audits (RSAs), and evaluations of intersections with rail safety concerns.

In coordination with Palm Tran, Palm Beach County, and local municipalities, the MPO advanced roadway and transit improvements through initiatives such as the 561 Mobility Vision Plan, the Southwest of Downtown Mobility Plan, the extension of Tri-Rail service, transit shelters, and Transit Signal Priority.

MPO staff developed and maintained data visualization and mapping tools, including public-facing dashboards, to support decision-making and improve access to transportation data for partner agencies and the public.

The MPO continued annual coordination with FDOT on development of the List of Priority Projects (LOPP), the Draft Tentative Work Program (DTWP), and adoption of the TIP. MPO staff also participated in state and local project design reviews to ensure consistency with adopted plans, policies, and multimodal planning objectives.

The total amount of funds used by the MPO for Complete Streets Planning for FY 2027 is \$475,243 of \$2,557,605 PL, and for FY 2028 is \$225,500 of \$2,557,605 PL. 2.5% of the total PL allocation for each fiscal year is \$63,940.

Task 3. Long Range Planning

Responsible Agency: Palm Beach MPO

Participating Agencies: FHWA, FTA, FDOT, SEFTC, Broward MPO, Miami-Dade TPO, Palm Tran, SFRTA, TCRPC, Palm Beach County, local municipalities, the School District of Palm Beach County, the freight industry, neighboring MPOs, and community organizations.

Purpose

This task supports the development, maintenance, and implementation of the Long Range Transportation Plan (LRTP), also known as the Metropolitan Transportation Plan (MTP), which establishes a 25-year framework for multimodal transportation investments in Palm Beach County. Activities focus on long-term planning, performance-based decision-making, data development, and coordination with partner agencies to guide future transportation investments.

The LRTP addresses all modes of transportation, including roadways, transit, freight (roadway, rail, seaport, and airport), and non-motorized networks such as bicycle facilities, sidewalks, and shared-use paths. The LRTP is updated every five years. The 2050 LRTP was adopted on December 12, 2024, and this UPWP initiates early work toward development of the 2055 LRTP, which is due in December 2029.

This task also includes ongoing monitoring of federal performance measures and the Congestion Management Process (CMP), as well as development of the Regional Transportation Plan (RTP) led by the Palm Beach MPO.

Previous Work

The MPO updated the LRTP to a 2050 planning horizon and continues to process amendments as needed. The 2050 LRTP update included public engagement, existing conditions analysis, travel demand model updates, goals and objectives development, needs assessment, and preparation of the Cost Feasible and Illustrative project lists.

Federal performance measures and the CMP were incorporated into interactive dashboards to support data-driven decision-making and provide accessible information to committees, stakeholders, and the public.

Task 4. Administer the Agency

Responsible Agency: Palm Beach MPO

Participating Agencies: FHWA, FTA, and FDOT

Purpose

This task supports administration of the federally required continuing, cooperative, and comprehensive (3-C) transportation planning process. Activities ensure the Palm Beach MPO operates in a transparent, efficient, and fiscally responsible manner and provides a fair and impartial setting for effective regional decision-making.

Previous Work

MPO staff performed required administrative activities to support the 3-C planning process, including support for the MPO Governing Board and advisory committees; preparation and updating of required documents; coordination and support for audits; and submission of monthly and quarterly progress reports and reimbursement requests.

Internal operations were strengthened through updates to Procurement Policies, Financial Policies, the Personnel Handbook, Operating Procedures, and the Continuity of Operations Plan (COOP). A Succession Plan was also developed to support organizational continuity and stability of core functions.

The MPO issued Requests for Proposals and awarded contracts for General Planning Services and Annual Financial Statement Preparation and Auditing Services, and executed contract extensions for legal, janitorial, website, and accounting support services. In FY 2025, the MPO implemented a new integrated accounting system and improved its human resources and payroll processing system.

In coordination with FDOT and local agencies, the MPO completed federally required updates to the Planning Area Boundary, Urban Area Boundary, and Roadway Functional Classification following the decennial census. The MPO also executed a Memorandum of Understanding with FDOT to enable reimbursement through Interlocal Agreements for advanced administrative services funding.

Task 5. Regional Coordination

Purpose

This task supports regional transportation planning coordination and shared funding responsibilities among Southeast Florida partners. Activities include administration of the Southeast Florida Transportation Council (SEFTC), development of the Regional Transportation Plan (RTP), and maintenance and advancement of the Southeast Regional Planning Model (SERPM) to forecast regional travel demand. The Task 5 budget identifies funding commitments by each partner and the agency responsible for administering each activity.

Previous Work

SEFTC collaborated to maintain and update the Southeast Regional Planning Model (SERPM), a scenario-based travel demand model used to support regional and local transportation planning across Southeast Florida. SERPM is updated every five years. During this period, MPO staff worked with regional partners to implement SERPM Version 9.

SEFTC also adopted the 2050 Regional Transportation Plan (RTP), which identifies long-term transportation investment needs, evaluates future development and investment scenarios, and advances a shared regional vision.

Initial coordination began on the development of the 2055 RTP. Beginning in January 2028 (the second half of FY 2028), the Palm Beach MPO will lead SEFTC administration and development of the 2055 RTP.

Memorandums of Understanding (MOUs) were initiated among the Miami-Dade TPO, Broward MPO, Palm Beach MPO, and FDOT Districts Four and Six to support continued SERPM development and initiation of the 2055 RTP. These MOUs address SERPM maintenance and training, development of SERPM Version 10, and preparation of the 2055 RTP.

Activities to Be Performed

*MPO staff may utilize outside consultants to support these activities as approved by the Governing Board through a public Request for Proposal (RFP) process. Consultant-supported activities will be submitted to FDOT/FHWA for review and approval as RFPs are developed.

Financial participation by the MPO and partner agencies is shown below, including the lead agency, funding sources, and amounts by fiscal year for each of the shared regional tasks.

Task 6. Agency Expenditures with Local Funds

Purpose

This task authorizes the use of local funds to support discretionary activities that strengthen MPO leadership, public engagement, staff development, and long-term financial stability.

Activities to Be Performed

- **Maximize Agency Effectiveness** – Activities that support MPO leadership engagement, coordination, and informed decision-making, including peer exchanges, board education, coordination efforts, and related travel or professional services.
- **Improve Public Engagement** – Outreach and engagement efforts, including promotional materials, meeting support items, and targeted initiatives aligned with the MPO's mission and vision.
- **Enhance Staff Performance** – Professional development activities, including professional memberships, certifications, licensing dues, and team-building activities.
- **Balance to MPO Reserve (Local Fund)** – Allocation of remaining funds to the MPO's local reserve account to support long-term financial stability.

FDOT District Four will undertake Planning Activities consistent with the following goals (in no particular order):

The Seven goals of the Florida Transportation Plan (FTP), which include:

- Safety & Security
- Infrastructure
- Mobility
- Choices
- Economy
- Community
- Environment

The FDOT Secretary's list of the "vital few" agency emphasis areas include:

- Safety
- Workforce Management
- Technology
- Communities

- Resiliency
- Robust Supply Chain

Please note that FDOT has elected not to identify deliverables, completion dates, funding sources, or amounts for their planning activities. Instead, FDOT noted that the list is representative of (but shall not constrain) the typical planning activities that are performed by FDOT District 4 on either a continuous basis or intermittently as needed, using State and Federal funds authorized for Planning purposes. Finally, FDOT states their activities may be undertaken at any time during the two-year UPWP cycle at the discretion of District 4 based on identified needs.

DECLARING MARCH 2026 AS FLORIDA BICYCLE MONTH

WHEREAS, residents and visitors of [INSERT MUNICIPALITY] engage in bicycling as a practical form of transportation and a valuable means of physical activity and recreation; and

WHEREAS, the State of Florida designates March as Florida Bicycle Month, and Palm Beach County recognizes this observance locally; and

WHEREAS, Florida Bicycle Month features fitness activities, educational programs, races, commuting opportunities, and charity events for riders of all ages and abilities at parks and locations throughout Palm Beach County; and

WHEREAS, recognition of Florida Bicycle Month raises awareness of bicycling and promotes physical activity, healthy lifestyles, and bicycling as a viable transportation option; and

WHEREAS, the Palm Beach Metropolitan Planning Organization plans, supports, and recommends projects that improve bicycle access and safety as well as promotes community education efforts to enhance safe bicycling practices; and

WHEREAS, bicycle-friendly communities contribute to improved public health, quality of life, economic vitality, tourism, traffic safety, and student outcomes, while reducing congestion and wear on local roadways; and

WHEREAS, Palm Beach County has an expanding network of designated and enhanced bicycle facilities totaling approximately 300 miles, and several local municipalities have adopted Complete Streets policies, advancing a safe, connected, and accessible transportation system for bicyclists of all ages, abilities, and backgrounds;

NOW, THEREFORE, BE IT PROCLAIMED BY the [INSERT COMMISSION/COUNCIL] of [INSERT MUNICIPALITY], assembled in regular session on this [INSERT DATE] day of March 2026, that March 2026 is hereby proclaimed:

Florida Bicycle Month

BE IT FURTHER PROCLAIMED that this proclamation is duly sealed, ribboned, and executed by the members of the [INSERT COMMISSION/COUNCIL]. The foregoing proclamation was sponsored by the Honorable Mayor [INSERT NAME], and, upon unanimous consent of the [INSERT COMMISSION/COUNCIL], was declared duly enacted.

Project Scheduling Report – February 2026

Phases occurring within the next 90 days

Palm Beach MPO & FDOT District 4

The purpose of this report is to ensure stakeholders are aware of upcoming activities for each project to allow for increased input. The MPO has consolidated the FDOT report to focus on MPO priorities and scheduling activities that are occurring within the next 90 days. The full list of scheduling activities is described below.

Scheduled Activity	Description
Multimodal Scoping Checklist (MMSC)	FDOT's Office of Modal Development (OMD) notifies impacted agencies to enter comments about the project scope. The local agency can confirm or discuss context class, minor comments about multimodal features.
Resolution from Agency (for Off-System Projects Only)	If an off-system project is administered by FDOT, the local agency's governing board must pass a resolution endorsing FDOT's delivery of the project.
Review of Scope with Agency	Meet with local agency to review and confirm scope prior to FDOT advertising for consultant acquisition.
Execution Date (Design)	FDOT Design starts.
Project Kickoff Meeting	FDOT Design Team coordinates with local agency. Contact the FDOT project manager for date/time/location of the meeting.
Initial Field Review	Field Review meeting. Typically occurs at the project site.
Initial Engineering	30% plans to reviewers. Stakeholders provide review and feedback on the approved Typical Section.
Public Information Workshop	Tentative date to conduct a public information workshop. Date may differ than final workshop date.
Constructability Plans	60% plans to reviewers. At this time most of the Design is complete, no scope discussion, review focuses on items to be constructed, their construction impacts, and materials to be used.
Plans Specification and Estimates (PSE) Meeting	FDOT PM arranges field review with all reviewers to evaluate the final engineering plans with respect to actual field conditions.
Biddability Plans to Reviewers	90% plans. At this time, Design is complete. Verifying quantities and pay items.
Production	100% plans. Plans are complete.
Local Agency Program (LAP) Commitment	Agency and FDOT commits the project funds and budget to the Legislature and the Governor's office.
Letting	Bids are opened and the apparent low bid contract is determined. Construction typically begins 4 to 6 months after letting.
Construction Notice to Proceed (NTP)	Construction starts. Construction dates for FDOT administered projects can be found through the FDOT Operations Center.

For more information on a project, please contact the FDOT District 4 office at 954.486.1400 and ask to be transferred to the FDOT Project Manager for the specific project. For the FDOT copy of the report with the full project schedule, contact Martha Morales at Martha.Morales@dot.state.fl.us or 954.777.4208.

Please note, the dates shown in this report are a snapshot and dates can change frequently. Updated reports are requested monthly from FDOT.
